📄 Objective

Highly skilled MERN stack developer with a passion for building innovative web applications. I am seeking a challenging role where I can utilize my expertise in developing robust and scalable web solutions. With a strong background in front-end and back-end technologies, I am eager to contribute my skills to a dynamic team that delivers exceptional user experiences.

💼 Work experience

MERN Stack Developer internship   Dec 2022 - Jul 2023

Kalbonyan Elmarsos, Remote

I have developed web applications using the MERN stack, ensuring seamless performance and optimal user experience.
Implemented responsive web designs and user interfaces to improve user engagement and accessibility.
Designed and integrated RESTful APIs to facilitate data exchange between the front-end and back-end components.
Conducted unit testing to identify and resolve bugs and issues, ensuring the delivery of high-quality code.

Introduction To Web internship   Oct 2021 - May 2022

GDSC, Remote

I have learned HTML, CSS, and Javascript.
I have developed responsive web applications using vanilla JS technologies.

Web development challenger path   Aug 2021 - Oct 2021

Udacity, Ramote

I have learned the basics of HTML and CSS.
